

► **UNIVERSITY INFORMATION AND SUPPORT SERVICE** [/sites/universitat-lleida/ca/serveis/seu/seu_eng/]

This service was specifically set up to provide students with information and advice about university training, third cycle courses, access to the University and other relevant issues. It also has an area dedicated to university-company relations, whose main aim is to help students supplement their academic training with practical skills acquired in the framework of internship agreements. It also helps students to join the job market through its Employment Service. The University Information and Support Service is likewise responsible for managing and providing information about specific grants, the Accommodation Service and the student card.
